

national child protection task force CONFERENCE

MARCH 12-14 | JACKSONVILLE, FLORIDA

EXPERT-LED LAW ENFORCEMENT TRAINING

The NCPTF brings together members of the public & private sectors to educate law enforcement on innovative ways to tackle crimes involving children.

Our conferences provide a **collaborative environment** where experts share tactics, tips, and tools with law enforcement. While the conference focuses on sensitive investigations, **the tools & tactics taught are applicable to all criminal investigations.**

FINDING THE UNFINDABLE

ADVANCED INVESTIGATIONS | OSINT | LEGAL STRATEGY

Delve into the cutting-edge realm of advanced cyber investigations. Explore the skills needed to navigate advanced OSINT, legal, and closed-source data to **locate missing persons; identify suspects, victims, & crucial evidence by tracing digital trails** within the case.

- Social Media Investigations
- Practical Open Source Intelligence
- Finding Hidden Devices and Hidden Accounts
- Innovative Legal Strategy – there is always more data.
- Advanced Whodunit: From Missing Kids to Homicide
- Understanding the Digital Footprint
- Identify Who Is in Your Crime Scene with Precision
